SLOW DOWN!

This Saturday there was an accident which involved a motorcycle whose rider lost control, went onto one of our neighbor's property and hit the house near the window where the youngest child living in the house was just feet away. The rider was thrown, hitting his head on the house and was injured. The motorcycle ended up in the shrubs of the house. Three police responded and an ambulance arrived to take the injured rider to the hospital. The rider was given tickets.

**WHY DID THIS HAPPEN? SPEEDING
IS THERE ANY PLACE IN OUR SUBDIVISION FOR SPEEDING?
NO – ABSOLUTELY NOT.
THIS HAS GOT TO STOP.
TAKE YOUR MOTORCYCLES, CARS, FOUR-WHEELERS OR
ANY OTHER SPEEDING VEHICLES AND GO FAST ON THE
INTERSTATE OR A RACE TRACK –
NOT IN YOUR OWN NEIGHBORHOOD.**

The posted speed limit is 20 miles per hour. Slow down in the curves. Don't dart into your driveway without looking for children crossing. Stop at the stop signs.

The residents of this house have two small children which frequently play outside and could have been injured or killed. There was a very real possibility of the motorcycle and rider going into the house and killing or injuring the child who was inside at the table near the window. There are small children on both sides of this house. We all know that many people use Chantilly Loop like an exercise track. There are too many children in our neighborhood who play outside and should be able to play in their own front yard without fear of being run over. SLOW DOWN AND THINK -- IS IT WORTH IT TO ENDANGER A CHILD?

We were very lucky this time. Let's all not to let this happen again. Being sorry after the fact will not bring back the life or health of a child playing (or an adult out exercising).
